Why Use Google Apps in School?

Work smarter share with others

GOAL

Why Use Google Apps in School?

Lets list them [here](#)

Positives:

Why Use Google Apps in School?

Positives:

- (No) low cost
- 1 account for all
- Reachable, easy to use,
- Lots of choices

GOA Encourages sharing

Erasmus+

Why Not Use Google Apps in School?

Lets list them

Possible negatives:

Depends on good network connection

All work is online, so can be problem if no access to internet

Costs (some) money, for some apps

What is pupil doesn't have computer or internet

More functions with Microsoft apps

Companies mostly use Microsoft apps, eg Office

Lack of focus in class - needs the teacher to be in charge

The GAFE train
